

Stilt Tree House

Property borders the South Canadian River. The Stilt House is built in a remote wooded area with views of wooded land and river. It has a queen-size bed inside the carpeted room. Is solar powered for lights and TV, wrap-around deck outside the curtained sliding glass doors and a south window (see photo). Property consists of 78 acres and hiking trails are marked, one includes fronts of a western town. Birds and wildlife enjoy the land.

Directions: West of El Reno, OK about 6 miles on I-40 to exit #115 (Calumet exit), N 1/8th mile to paved old Route 66, 5 miles west on Rt.66 to Maberry Road and South 4 miles on gravel road to gate of property and parking area.
